

**Questions to Ponder for November 2016 WNET Roundtable**  
**“Does Your Website Deliver?”**

What types of information do you share with your website visitors?

Name all the places website visitors find your contact information and phone number?

Name all the places you include links to your social media accounts, social media feeds and social media share buttons on your website?

What do you use to break up text on your web pages to make them easy to read/skim?
